CD'S Soapbox

Hi everyone,

It looks like we've finally hit the deep freeze right in the middle of the winter blues and spring fever. Most everyone's bike is still hibernating. I say most because while on a trip down to chapter B for their gathering lo and behold there was a bike in the lot! I don't know if he rode 20 miles or two blocks but I have to tip my hat to him.

There were a few things to brighten up the end of the month though. I hope some of you were able to make it down to Cabin Fever this year. Unfortunately I couldn't attend and I can't wait to hear the tales of fun and adventure that must have taken place. This year was the first time the event was held at Deer Creek State Park & Conference Center. I'm happy to say that even though I wasn't there they were able to sell out the event "Way to go Lloyd and the district team".

The other event going on was the Motorcycle show at the IX center. I was able to sneak over there for a few hours. The place was packed on Saturday! I managed to elbow my way over to the Honda display and get an up close look at the F6B. It's a nice bike but it may be a hard sell to those of us used to the swag of the regular Goldwing models. One other model that Honda had there caught my eye. It was the CB1100 it's a retro styled bike with a four into one exhaust. It reminded me of a blend of the old 750-four and GL-1000. I also ran into some friends which always makes the time enjoyable.

I would like to get the chapter together in February for an All The Gear All The Time trip to the toboggan chutes at the Strongsville Metro parks. I've never been there but I've heard it's a lot of fun. Till next time stay warm and safe.

Dave

Some Musings from your ACD's

Pretty Soon.....

Is it February already? This Winter seemed to go pretty fast for us, last year seemed to speed by and so far, 2013 is too. The Motorcycle Show is over and it's time to start checking my gear and bike to make any upgrades before the riding season starts. We just had a new headset installed in Corinne's helmet and added a 700 lumen flashlight to my gear courtesy of Cyclemax. Do I need 700 lumens? You bet it will come in handy.

We are excited about the upcoming riding season and hopeful that we can take advantage of many of the rides that have been proposed. It looks like we are going to need some new leaders to help us make all of them happen.

This month marks the anniversary of our involvement as Assistant Directors of C-3 and we would like to thank all of you for your support and friendship. I truly believe that you get enjoyment and satisfaction out of things directly proportional to what you put in to them, and this year has been great!

Corinne and I attended Chapter B's meeting in Mansfield the third Sunday in January along with Dave and Barb. I was impressed with the size of their chapter. The breakfast buffet was enough to make me want to go back. Their ride schedule is packed and we took away a couple of neat ideas that we may want to try. Their meeting was well attended and we really felt welcome. Our Chapter is smaller, but I am proud to say that we are a great bunch of folks as well. Would it be too much to add sausage gravy and biscuits to our breakfast?

We are looking forward to our February gathering to discuss, among many other things, our proposed rides so that in the coming weeks we can throw them on the calendar. As I write this, the temperature is approaching 60 degrees, in a couple of days, back to reality.

We look forward to seeing all of you on Saturday!

Stay Safe,

Chuck and Corinne Pulling
Assistant Chapter Directors, C-3

Sunshine Corner

It sure seems as if I wrote the last Sunshine article two days ago, but again, a whole month has flown by. Hopefully that means that riding season will be here before you know it.

We do have one anniversary and several birthdays to celebrate this month. Please wish our friends a Happy Birthday or Happy Anniversary if you see them.

Anniversaries:

February 7 – Robin & Ray Gonzalez

Birthdays:

February 3 – Chuck Pulling

February 21 – Judy Squires

February 25 – Karen Dohnal

February 27 – Vic Ardito

Robin, if I spelled your name wrong again, I am sorry!

If I missed your birthday or anniversary, it is because I do not have your information. If you wish to participate, or if there are any necessary corrections, please either let me know at the gathering, or send an email to C3sunshinecorner@gmail.com. You may also send any joys or concerns to me at this address if you would like me to share them at the next gathering. I don't check it daily any longer as there has been low activity on the email, but I will keep checking!

We'll see you at the gathering.

Sharon

I asked Gary to give us a heads up on some new things coming out,
Thanks Gary!

Chuck

This is a front fender trim accent that has just been released by Show Chrome. This chrome plated ABS plastic trim accent is designed to mount to the front edge of the front fender using double sided tape. Its contoured tapered design will compliment the front fender lines and this will fit all Goldwing GL1500's from 1988-2000. This should be available at your local accessory shop for around \$26.00.

Let me know if you have any questions.

Gary

Also, Check out some photos from this years Cabin Fever!
